THE EVIDENCE

Pressure Resistance Is the Story — Athleticism Supports It

2. Bundesliga 2025/26 · vs. centre-backs & left-sided defenders · Data: SkillCorner

PRESSURE RESISTANCE

Retained under intense pressure 75th

Tight-space retention under pressure 83rd

Receiving in tight spaces under pressure 81st

BUILD-UP SECURITY

Progressive action under pressure 83rd

Drawing pressure (creates an outlet) 81st

Involvement in possession (meters/min) 84th

DEFENSIVE STABILITY

Direct regain percentage 81st

Pressure engagements per 30 83rd

Got goal side percentage 67th

Development focus: his profile is built around secure progression rather than high-risk distribution. The next step is increasing the frequency of line-breaking passes while preserving the composure that defines his profile.

IDEAL ROLE

Left-Back (4/5-Back)

Build-Up Anchor

Press-Resistant Outlet

THE OPPORTUNITY

One of the League's Most Pressure-Resistant Full-Backs. Available Now.

IDEAL FOR CLUBS THAT

- Build possession-oriented from the back (4- or 5-back)
- Value passing security in the last line
- Play next to a progressive centre-back or half-back
- Want immediate stability without sacrificing experience

MARKET INSIGHT

Short-term form fluctuations often influence market perception more strongly than long-term performance. Itter's profile has remained remarkably consistent over almost 9,000 professional minutes despite a temporary dip in recent ratings.

WHY NOW

Market value reflects short-term form — not the underlying profile

Proven over ~9,000 professional minutes

Bundesliga experience

Contract until 2027

Signs of performance stabilisation

B360 ASSESSMENT

He doesn't play the spectacular first pass. He plays the right one. Gian-Luca Itter provides build-up stability and consistently chooses the right solution under pressure, allowing possession-based teams to maintain structure against aggressive pressing.

THE ARGUMENT IN ONE SENTENCE

A low-risk opportunity to acquire one of the 2. Bundesliga's most pressure-resistant full-backs before the market re-prices his long-term level.
